 Ashulia Model Town, Savar

Managing Director Message

At MHC Homes Ltd. our vision is simple making quality homeownership accessible through trust, integrity, and innovation.

Recognizing the challenges many families face with interest-based financing, we proudly offer houses and apartments with 60% down payment and the remaining 40% payable over 3 years through interest-free installments.

We believe a home should bring peace of mind, not financial burden. This philosophy drives our commitment to delivering quality construction, transparent service, and lasting value.

As we continue to grow, our focus remains unchanged: helping families own their dream homes through ethical and customer-friendly solutions.

Thank you for choosing MHC Homes Ltd. We look forward to being your trusted partner in building a brighter future.

Mamun Hasan

Managing Director
MHC Homes Ltd.
